

# From Transition to Transformation

## Working with the emerging adolescent

**July 2 to 6, 2018**

schedule: daily 8:00 am to 8:00 pm

at Sunrise Waldorf School in Duncan  
on Vancouver Island, British Columbia, Canada

**A High School oriented Intensive week, open to anyone working  
with adolescents.**

This course will discover and unfold the developmental changes of the young person from the ages of 14 to 18. The differences in each successive year of age and schooling will be investigated with special regard to the way in which a curriculum can be fashioned to fit these distinctions. This course will offer a mix of a general study of the adolescent and the curriculum, practical experiences and understanding the movement gestures and needs of this stage.

This intensive week is geared to those who are presently teaching this age or those who wish to learn more about the young person in this stage of life.
