

# The Unexpected Gifts of the Mystery Children

—learning to see these children with new eyes

**July 14 to 19, 2019**

Schedule: Sunday, late afternoon  
and 8:00 am to 5:10 pm,  
Monday through Friday

with **Adola McWilliam,**  
& **others**

*“Our rightful place as educators  
is to be removers of hindrances.  
Each child brings something new  
into the world... and it is our task  
to remove bodily and psychical  
obstacles out of their way ... so  
that their spirit may enter in full  
freedom into life.”*

—Rudolf Steiner

Please join all three of these curative educators, whose 70 + years of combined experience, will provide the opportunity for a week of insights into, and useful ‘tools’ for, our work with the mystery children of our time. Exploring practical activities; movements to integrate the primary reflexes; understandings about the polarities of the human being; child study techniques and exercises to help us really ‘see’ the child before us – will be part of our work together.

Come prepared to open your hearts and widen your embrace.

**One week intensive course, open to all.**

at Sunrise Waldorf School in Duncan  
on Vancouver Island, British Columbia, Canada
