

# Enriching the Soul of the Caregiver and the Child

**June 29 to July 4, 2025**

at Sunrise Waldorf School in Duncan  
on Vancouver Island, British Columbia, Canada

Opening Sunday at 3:00 pm

Daily schedule 8:00 am to 5:30 pm

Last summer this course was attended by many appreciative participants. They all want to return again this summer! Please join us as we gather together again to study, move, sing and paint while we enrich our inner landscape and repertoire of songs, games, and puppetry skills. In a lively way, as we deepen in the meaning of our work, Anna will guide us to polish our stars. We will look at topics like EC literacy, the second birth of the child and ways to strengthen our practice. Dorota brings expertise with the charm of puppets for their captivating ability to bring magic through speech and gesture. We will make puppets and a story apron and create our own puppet play. Ko will be helping us to explore more of our inner life through biography and painting. There will be time for participants to learn from each other and create beautiful story aprons (cost included in tuition).

**Five-day intensive course, open to all.**

with **Anna Rainville,**  
**Dorota Ignaszewska**  
and **Ko Hawkes**
