

# Deepening Your Watercolour Experience

Enriching and enhancing your painting skills  
through imagination and creativity

**July 14 to 18, 2025**

at Sunrise Waldorf School in Duncan  
on Vancouver Island, British Columbia, Canada

Daily schedule 10:00 am to 1:00 pm

Please join us for an opportunity to deepen your watercolour experience.

We will paint complementary colours and tertiary colours that express feelings and moods and learn to let go of our restrictions. We will explore perspective, the 'breathing' qualities of the different colours and how to paint forms out of the background.

With two classes a day over the course of five days, this will be helpful for beginners, for those who want to develop their work with children in school settings, and also for those who would like creative enrichment and imaginative enhancement of their painting experience.

This course is open to all those with an interest in wet-on-wet watercolour painting.

**Five half-day intensive course, open to all.**

with **Ko Hawkes**
